

# BEEF CATTLE FIELD DAY!

**The science.**

**The proof.**

The Purina® All Seasons™ Cattle Nutrition Program delivers customizable solutions that have been proven successful on our farm in Missouri, as well as all across the country in over 1,800 field trials. We even have a 120 head Black Baldy herd and calves, which are used to develop and evaluate supplementation programs that enhance forage use and improve cow productivity. By matching the correct solutions for a cattleman's available forage, cattle are assured to receive the right nutrition and perform to their highest potential. From the cow to the finished steer, this program supports healthy cattle and allows them to achieve greatness at every life stage.

**When: Thursday Sept. 27, 2018**

**Time: 4-8 p.m.**

**Where: Mountain View Ranch  
1487 Springvale Rd.
